## RULES

## What is PervArtistry®?

PervArtistry is an adult party game where competing teams race to guess risqué terms or phrases through hilarious charades and drawings.

## PervArtistry® Basics

- PervArtistry is an **ALL PLAY** game where both teams play at the **SAME TIME**.
- Team 1 draws or acts the **SAME TERM AT THE SAME TIME** as Team 2.
- The first team to correctly guess the term wins the round and earns a point.
- The first team to earn 10 points wins.

## Getting Started

- Divide your group in half to form 2 teams. (Don't worry if you have an uneven number of people. One team can have an extra person.)
- Create a funny/provocative/sexy team name and write it in on the score pad.
- Each team gets a PervArtistry dry-erase board and pen.
- Place the PervArtistry card box and timer between the two teams and you're ready to start!

## Understanding the Game & Roles

- PervArtistry is a game about risqué drawings and charades. In each round of play, Team 1 and Team 2 will each have one person on the team who is responsible for drawing or acting the term on the card. We affectionately call this person **THE PERVARTIST**.
- The remaining players on each team are responsible for guessing what term their respective PervArtist is drawing or acting. We call these remaining players **THE PERVS**.

## THE PERVARTIST

- In **EVERY** round **EACH TEAM** will have **ONE PERVARTIST**.
- **ONLY THE PERVARTIST** on each team **CAN SEE THE TERM** on the card selected for that round.
- The **PERVARTIST** role should **ROTATE AFTER EACH ROUND**. (So everyone will have a chance to draw or act.)
- The PervArtist may **NOT SPEAK** or **DRAW NUMBERS/SYMBOLS** when drawing or acting.

## THE PERVS

- The remaining team members watch their respective PervArtist Act or Draw the PervArtistry term.
- The first team to guess the term wins the round.

**Remember:** It's an All Play game. This means that Team 1's PervArtist is drawing or acting the same term as Team 2's PervArtist. Savvy PERVS have been known to peek or listen.... be aware!! It's part of the fun!!

## Drawing or acting??

- When the PervArtist selects the card he or she will see a picture of a man holding a pad & pencil or a woman holding a movie clapboard.

Man & Pad & Pencil = **DRAW**

Woman & Clapboard = **ACT**

## WARNING SUPER KINKY

- Some of the cards are also labeled "Super Kinky." There is no change in play for these cards. It is just an indicator that the term is more risqué than the others.

## PLAYING THE GAME

- **Pick your PervArtists.** Each team should pick their first PervArtist and determine how the role will be rotated with each round.
- **Select a Card.** The PervArtist from Team 1 selects the card. He or she looks at the term and then passes it to Team 2's PervArtist to review. (Remember, only the PervArtist for each team gets to see the card.) Once both PervArtists have seen the card and agree they are ready, play begins.
- **Timer.** "Ready, Set, Go!!" starts the round. A Perv from any team can flip the timer. If neither team has guessed the correct term before the timer runs out, then the round is a draw. Neither team gets a point and play moves to a new round with a new card and a new PervArtist. (The Timer is optional. Since it is an all play game, you can choose to play the round out until one team guesses the term.)
- **Winning the Round..... And the Game.** When a team wins a round, mark a point on the score pad. The first team to earn ten points wins.

## TIPS FOR THE PERVARTIST ROLE

### DRAWING:

- When drawing, the PervArtist should start by drawing the respective number of lines on the paper as there are words in the PervArtistry term. This gives your team of Pervs an idea of how many words they are trying to guess.
- If one of your Pervs guesses one of the words in the term, write it on the respective line.
- If you do not know how to draw one of the words, draw something that sounds like it. Draw a small picture of an ear to indicate that the word you are about to draw sounds like the word you want your Pervs to guess.

### ACTING:

- When acting, the PervArtist should start by holding up the respective number of fingers as there are words in the term.
- If one of your Pervs guesses a correct word, the PervArtist can shake his or her head to indicate one of the correct words in the term has been said.
- If you do not know how to act out one of the words, then act out something that sounds like it. Tug on your ear to indicate that the word you are about to act sounds like the word you want your Pervs to guess.

**Help! I am the PervArtist and I don't know what this phrase means!! What do I do? Does that mean I am not perverted enough for this game???**

No worries. This will definitely happen. PervArtistry is structured in a way that most of the obscure terms are easy enough to draw/act without knowing the exact definition. You can also draw something that sounds like the term or you can kindly ask your competing PervArtist to explain to you what the term is. If the other PervArtist agrees, you may choose to pick a new card.

**Help! Who are the sick people who created this game?? Neither of the PervArtists know what this term means!!!!**

Okay. Okay. We have included a few wacky terms that maybe only a handful of well-meaning but possibly warped people know. Feel free to pick a new card.
